“(b) This section shall be interpreted in a manner that is consistent with the California and United States Constitutions and applicable state and federal statutes governing workplace discrimination. The terms used in this section shall have the same meaning as defined in state statutes governing the same subject matter.

“(c) Nothing in this section shall be interpreted as prohibiting bona fide occupational qualifications consistent with applicable state and federal law and reasonably necessary to the normal operation of Authority employment or contracting. Nothing in this section shall be interpreted as prohibiting regulations and policies to prevent nepotism or conflicts of interest.

“(d) Nothing in this section shall be interpreted as prohibiting action taken to establish or maintain eligibility for any federal program, where ineligibility would result in a loss of federal funds to the Authority.”

(b) Civil Rights Act. Contractor agrees to comply with Title VII of the Civil Rights Act of 1964, as amended, the California Fair Employment Practices Act, the Americans with Disabilities Act of 1990, any other applicable federal and state laws and regulations hereinafter enacted, and the Water Authority's Small Contractor Outreach and Opportunities Program.

sexual harassment, arising from the conduct of the Contractor or any of the Contractor's officers, employees, agents, licensees, or subcontractors. In the event of a discrimination or harassment complaint against any employee, agent, licensee or subcontractor of the Contractor or its subcontractors, the Contractor shall take immediate and appropriate action in response to such complaint, including, but not limited to termination or appropriate discipline of any responsible employee, agent, licensee or subcontractor. The provisions of this Section survive completion of the services or termination of the Contract.

11. WORKPLACE CONDUCT AND BEHAVIOR:

Contractor and Contractor's officers, employees, agents and subcontractors shall comply with the Water Authority's Substance-free Work Place Policy, Information and Communications Systems Policy, and other rules and regulations governing work place safety, conduct, and behavior, for any portion of the work performed on the premises of the Water Authority or using Water Authority facilities or equipment.

12. OWNERSHIP OF WORK PRODUCT:

Upon delivery, the work product, including without limitation, all original reports, writings, recordings, drawings, files, and detailed calculations developed under this contract are the property of the Water Authority. Contractor agrees that all copyrights which arise from creation of the work pursuant to this contract shall be vested in the Water Authority and waives and relinquishes all claims to copyright or other intellectual property rights in favor of the Water Authority. Water Authority acknowledges that its use of the work product is limited to the purposes contemplated by the scope of work and that the Contractor makes no representation of the suitability of the work product for use in or application to circumstances not contemplated by the scope of work.

13. FORMAT OF DOCUMENTS:

Documents submitted to the Water Authority in electronic format shall be formatted according to specifications provided by the Water Authority, or if not otherwise specified, in Microsoft Word, Excel, PowerPoint or other Microsoft Office Professional 2007 format as appropriate for the particular work product or, if directed by the Contract Manager in Adobe Acrobat pdf format.

14. CHANGES IN WORK:

No payment for changed or additional work shall be made unless the changed or additional work has first been approved in writing by the Contract Manager and the parties have agreed upon the appropriate adjustment, if any, to the payment schedule and maximum payment amount for the changed or additional work. The Contract Manager may order changes or additions to the scope of work. Whether a change or addition to the scope of work is proposed by the Contractor or ordered by the Contract Manager, the parties shall in good faith negotiate an appropriate adjustment, if any, to the payment schedule and maximum payment for the changed or additional work. An approved change or addition, along with the payment adjustment, if any, will be

effective upon an amendment to this contract executed by both parties. The amendment shall not render ineffective or invalidate unaffected portions of this contract. All changes in work that increase the amount of payment shall be subject to Section 4.04.040 of the Water Authority Administrative Code.

15. CONFIDENTIALITY:

(a) Confidential Nature of Information. Contractor shall treat all information obtained from the Water Authority in the performance of this contract as confidential and proprietary to the Water Authority. Contractor shall treat all records and work product prepared or maintained by Contractor in the performance of this contract as confidential.

(b) Limitation on use and disclosure. Contractor agrees that it will not use any information obtained as a consequence of the performance of work for any purpose other than fulfillment of Contractor's scope of work. Contractor will not disclose any information prepared for the Water Authority, or obtained from the Water Authority or obtained as a consequence of the performance of work to any person other than the Water Authority, or its own employees, agents or subcontractors who have a need for the information for the performance of work under this contract unless such disclosure is specifically authorized in writing by the Water Authority.

(c) Security plan. If requested by the Contract Manager, Contractor shall prepare a security plan to assure that information obtained from the Water Authority or as a consequence of the performance of work is not used for any unauthorized purpose or disclosed to unauthorized persons. Contractor shall advise the Water Authority of any request for disclosure of information or of any actual or potential disclosure of information.

(d) Survival. Contractor's obligations under this paragraph shall survive the termination of this contract.

16. PROHIBITED INTEREST:

No official or employee of the Water Authority who is authorized in such capacity on behalf of the Water Authority to negotiate, make, accept, or approve, or take part in negotiating, making, accepting, or approving this contract, shall become directly or indirectly interested in this contract or in any part thereof. No officer or employee of the Water Authority who is authorized in such capacity and on behalf of the Water Authority to exercise any executive, supervisory, or similar functions in connection with the performance of this contract shall become directly or indirectly interested personally in this contract or any part thereof.

17. CONFLICT OF INTEREST:

(a) Local Conflict of Interest Code Compliance.[**OPTION 1**]: The Water Authority has determined, based on the scope of the services to be provided by Contractor under this contract, that this contract does not confer on Contractor or any of Contractor's employees the status of a "designated employee" or "Consultant" of the Water Authority for the purposes of the Water

Authority's Local Conflict of Interest Code and the California Political Reform Act. This contract does not require or permit Contractor to make a governmental decision as specified in 2 Cal. Code of Regs. § 18701, subdiv. (a)(2)(A), or serve in a staff capacity as specified in 2 Cal. Code of Regs. § 18701, subdiv. (a)(2)(B).

[**OPTION 2:** The Water Authority has determined, based on the scope of the services to be provided by Contractor under this contract, that this contract confers on Contractor or any of Contractor's employees the status of a "designated employee" or "Consultant" of the Water Authority for the purposes of the Water Authority's Local Conflict of Interest Code and the California Political Reform Act. Contractor will be subject to the same provisions as the _____ Designation in the Water Authority's Local Conflict of Interest Code.

(b) Disqualification. Contractor shall not make or participate in making or in any way attempt to use Contractor's position to influence a governmental decision in which Contractor knows or has reason to know Contractor has a direct or indirect financial interest other than the compensation promised by this contract. Contractor will not have such interest during the term of this contract. Contractor will immediately advise the General Counsel of the Water Authority if Contractor learns of a financial interest of Contractor's during the term of this contract. If Contractor's participation in another Water Authority project would create an actual or potential conflict of interest, in the opinion of the Water Authority, the Water Authority may disqualify Contractor from participation in such other project during the term of this Contract.

18. INDEMNIFICATION:

(a) To the fullest extent permitted by law, the Contractor shall (1) immediately defend, and (2) indemnify the Water Authority, and its directors, officers, and employees from and against all liabilities regardless of nature or type arising out of or resulting from Contractor's performance of services under this contract, or any negligent or wrongful act or omission of the Contractor or Contractor's officers, employees, agents, or subcontractors. Liabilities subject to the duties to defend and indemnify include, without limitation all claims, losses, damages, penalties, fines, and judgments; associated investigation and administrative expenses; defense costs, including but not limited to reasonable attorneys' fees; court costs; and costs of alternative dispute resolution. The Contractor's obligation to indemnify applies unless it is adjudicated that its liability was caused by the sole active negligence or sole willful misconduct of an indemnified party. If it is finally adjudicated that liability is caused by the comparative active negligence or willful misconduct of an indemnified party, the Contractor's indemnification obligation shall be reduced in proportion to the established comparative liability of the indemnified party.

(b) The duty to defend is a separate and distinct obligation from the Contractor's duty to indemnify. The Contractor shall be obligated to defend, in all legal, equitable, administrative, or special proceedings, with counsel approved by the Water Authority, the Water Authority and its directors, officers, and employees, immediately upon tender to the Contractor of the claim in any form or at any stage of an action or proceeding, whether or not liability is established. An allegation or determination of comparative active negligence or willful misconduct by an indemnified party does not relieve the Contractor from its separate and distinct obligation to

defend Water Authority. The obligation to defend extends through final judgment, including exhaustion of any appeals. The defense obligation includes an obligation to provide independent defense counsel if the Contractor asserts that liability is caused in whole or in part by the negligence or willful misconduct of the indemnified party. If it is finally adjudicated that liability was caused by the sole active negligence or sole willful misconduct of an indemnified party, Contractor may submit a claim to the Water Authority for reimbursement of reasonable attorneys' fees and defense costs.

(c) The review, acceptance or approval of the Contractor's work or work product by any indemnified party shall not affect, relieve or reduce the Contractor's indemnification or defense obligations. This Section survives completion of the services or the termination of this contract. The provisions of this Section are not limited by and do not affect the provisions of this contract relating to insurance.

19. INSURANCE:

(a) Requirement. Contractor shall procure and maintain during the period of performance of this contract and for ____ months following completion, insurance from insurance companies authorized to do business in the State of California, as set forth in this section. These policies shall be primary insurance as to the Water Authority so that any other coverage held by the Water Authority shall not contribute to any loss under Contractor's insurance.

General liability: (with coverage at least as broad as ISO form CG 00 01 10 01) coverage in an amount not less than **[\$2,000,000]** general aggregate and **[\$1,000,000]** per occurrence for general liability, bodily injury, personal injury, and property damage.

Workers' compensation and employer's liability: coverage shall comply with the laws of the State of California, but not less than an employer's liability limit of **[\$1,000,000.]**

A deductible or retention may be utilized, subject to approval by the Water Authority. All policies that include a self-insured retention shall include a provision that payments of defense costs and damages (for bodily injury, property damage, personal injury or any other coverages included in the policy) by any party including additional insureds or insurers, shall satisfy the self-insured retention limits.

(b) Endorsements. The insurance policies shall be endorsed as follows:

For the commercial general liability insurance, the Water Authority (including its directors, officers, employees, and agents) shall be named as additional insured, and the policy shall be endorsed with a form equivalent to ISO form CG 20 10 10 93, that contain the provisions required by this contract.

Contractor's insurance is primary to any other insurance available to the Water Authority with respect to any claim arising out of this Agreement. Any insurance maintained by the Water Authority shall be excess of the Contractor's insurance and shall not contribute with it. The Contractor's endorsement of insurance shall include a waiver of any rights of subrogation against the Water Authority, and its directors, officers, employees and agents.

Contractor's insurance will not be canceled, limited, amended, reduced in coverage amount, or allowed to expire without renewal until after thirty (30) days' written notice has been given to the Water Authority, or after ten (10) days' written notice in the case of cancellation for non-payment of premium.

(c) **Qualifications of Insurer.** The insurance shall be provided by an acceptable insurance provider, as determined by the Water Authority, which satisfies the following minimum requirements: An insurance carrier admitted to do business in California and maintaining an agent for process within the state. Best rating classification of "A-" or better and a financial size of "\$10 million to \$24 million (Class V) or better", or A Lloyds of London program provided by syndicates of Lloyds of London and other London insurance carriers, providing all participants are qualified to do business in California and the policy provides for an agent for process in the state. Workers' Compensation and Employer's Liability shall be provided by an A-V rated carrier or by the California State Compensation Fund. If provided by a carrier other than California State Compensation Fund, Contractor shall provide proof of the carrier's A-V rating to Water Authority.

(d) **Provision of Insurance Prior to Commencement of Services.** Before commencing any services, Contractor shall furnish certificates of insurance and endorsements affecting coverage on forms provided by Water Authority, or on equivalent ISO forms that contain provisions required by this contract.

20. ACCIDENT REPORTS:

Contractor shall immediately report (as soon as feasible, but not more than 24 hours) to the Water Authority any accident or other occurrence causing injury to persons or property during the performance of this Contract. If required by the Water Authority's Risk Manager, the report shall be made in writing and shall include, at a minimum: (a) the names, addresses, and telephone numbers of the persons involved, (b) the names, addresses and telephone numbers of any known witnesses, (c) the date, time and description of the accident or other occurrence.

21. COVENANT AGAINST CONTINGENT FEES:

Contractor agrees that its firm has not employed or retained any company or person, other than a

bona fide employee working for Contractor, to solicit or secure this contract, and that Contractor has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent upon, or resulting from, the award or making of this contract. For breach or violation of this provision, the Water Authority shall have the right to terminate this contract without liability, or, in its discretion, to deduct from the contract price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fees, gift, or contingent fee.

22. TERMINATION OR ABANDONMENT:

(a) **Water Authority's Rights.** The Water Authority has the right to terminate or abandon any portion or all of the work by giving ten (10) days' written notice. Upon receipt of a notice of termination, Contractor shall perform no further work except as specified in the notice. Before the date of termination, Contractor shall deliver to Water Authority all work product, whether completed or not, as of the date of termination and not otherwise previously delivered. The Water Authority shall pay Contractor for services performed in accordance with this contract before the date of termination. If this contract provides for payment of a lump sum for all services or by task and termination occurs before completion of the work or any defined task which according to the performance schedule was commenced before the notice of termination, the fee for services performed shall be based on an amount mutually agreed to by the Water Authority and Contractor for the portion of work completed in conformance with this contract before the date of termination. In addition, the Water Authority will reimburse Contractor for authorized expenses incurred and not previously reimbursed. The Water Authority shall not be liable for any fees or costs associated for the termination or abandonment except for the fees, and reimbursement of authorized expenses, payable pursuant to this section.

(b) **Contractor's Rights.** Contractor, if Contractor is not in default or breach, may terminate Contractor's obligation to provide further services under this contract upon thirty (30) days' written notice only in the event of a material default by the Water Authority, which default has not been cured within thirty (30) days following the written notice.

23. SUCCESSORS OR ASSIGNS:

All terms, conditions, and provisions of this contract shall apply to and bind the respective heirs, executors, administrators, successors, and assigns of the parties. Nothing in this paragraph is intended to affect the limitation on assignment.

24. DAMAGE OR LOSS OF EQUIPMENT OR FACILITIES:

(a) **General Obligation.** Contractor shall pay to the Water Authority the replacement cost of any equipment or repair cost of any facilities provided by the Water Authority for Contractor's use in performance of services that is lost or damaged by Contractor or Contractor's officers, employees, agents or subcontractors.

(b) **Keys.** During the term of the contract, Contractor may be issued keys to Water Authority

facilities in order to perform the scope of work. Keys shall not be loaned, duplicated, or given to anyone not authorized to have the keys. Contractor will sign for each key and each key will be returned to the project manager when access to that area is no longer authorized, or at the end of the contract term, whichever is applicable. Should keys become lost or stolen, Contractor shall immediately notify the Contract Manager. A charge will be assessed for all expenses incurred by the Water Authority, including the replacement of locks, lock cores, keys, and other materials necessary to ensure the Water Authority security level is returned to the same level existing prior to the loss of the key(s). The cost of replacing locks may be as much as \$40,000.

25. ELECTRONIC COMMUNICATIONS:

During the course of this contract, communications may occur through sending, receiving or exchanging electronic versions of documents and e-mails using commercially available computer software and Internet access. Contractor and the Water Authority acknowledge that the Internet is occasionally victimized by the creation and dissemination of so-called viruses, or similar destructive electronic programs. Contractor and the Water Authority view the issues raised by these viruses seriously and have invested in document and e-mail scanning software that identify and reject files containing known viruses. Contractor agrees to update its system with the software vendor's most current releases at regular intervals. Because of the virus scanning software, the respective computer systems of the parties may occasionally reject a communication. The parties acknowledge that this occurrence is to be expected as part of the ordinary course of business. Because the virus protection industry is generally one or two steps behind new viruses, neither party can guarantee that its respective communications and documents will be virus free. Occasionally, a virus will escape and go undetected as it is passed from system to system. Although each party will use all reasonable efforts to assure that its communications are virus free, neither party warrants that its documents will be virus free. Each party agrees to advise the other if it discovers a virus in its respective system that may have been communicated to the other party.
